### IEP Solutions

IEP Writer Supreme II - the Computerized IEP ◆ IEP Writer Supreme Support Tools ◆ Resource Specialist Aides' Notebook ◆ In-service Training

*Super School Software was selected to design a custom version of IEP Writer Supreme II for the Los Angeles Unified School District.*

Special educators working in conjunction with: regular classroom teachers, parents of students with learning disabilities, and school administrators designed this new product. The staff members at Super School Software are involved in numerous research projects involving special education and its relationship to authentic and portfolio assessment. The company's founders are still actively involved designing materials, training teachers, and consulting with school administrators.

IEP Writer Supreme was designed to help teachers, parents, and students to use the IEP process to achieve their goals and objectives. This process, when done well, can help students make progress in school. IEP Writer Supreme has new features to help teachers save time, plan effectively, and maintain a well-organized program. Many of the features and benefits in IEP Writer Supreme may not be found in other programs.
